

Code Guidelines

Meme Feed

Meme Teme

- File structure guidelines
 - Group relevant code into the same directories
 - Ensure code is modular (read: reusable)
- Code Style
 - Needs to be consistent
 - 4 spaces!! no exceptions (jk, kinda)
- Package management
 - `npm install` every time you `git pull`
 - `npm install --save` and `npm install --save-dev` to install app dependencies and developer dependencies respectively
