

Sprint 2 Plan - Meme Feed - Meme Team - 1.29.19

Revision 0

Goal:

For this sprint, our goal is to resolve issues from the sprint prior and set up the storage and display of user info.

Task Listing:

(1) As a User, I want to be able to create and log into an account with my information **(21)**

🚧 Have an Account Login Page to re login or sign up **(1)** (Emma)

- Allow the user to only have to sign in one time **(3)** (Siddhi)
- Ability to log out. **(2)** (Siddhi)
- Create an account utilizing, require user to enter (email, full name, user name, passwords) **(9)** (Jon)
- Allow the user to have email verification, to secure user profiles. **(5)** (Jon)

(2) As a developer, I want to be able to scrape the web to find memes. **(7)**

🚧 Put web scraper memes into firebase & include time, category, source, upvote count at time pulled, user who posted **(7)** (Zac)

🚧 Set up firebase to Mia's debit card USE gift card

(3) As a user, I want a General Feed page to see all of the memes in chronological order. **(7)**

- Pull memes from firebase every 12 hours and put them onto the general feed tab **(5)** (Mia)
- Sort memes in the order that they were posted. **(2)** (Siddhi)

(4) As a user, I want the General Feed page to have two different views so that I can view at a different pace **(11)**

- Buttons for full feed & scroll which change the view **(3)** (Siddhi)
- Ability to tap on a meme in grid view and have it go to a full view of just that singular meme **(3)** (Emma)

- Have the ability to scroll through a single feed to see more memes **(5)** *(Emma)*
- (5)** As a developer, I want the app to work so I can continue implementing tasks **(20)**
- Fix the podfile bugs linking with react native **(20)** *(EVERYONE)*
- (6)** As a user I want to be able to like and dislike memes on scale of emojis **(23)**
- Store user likes in firebase, update current reaction or add new reaction when user reacts to a post. Be aware to grab the time of their initial reaction **(10)** *(Jon)*
 - When clicking an image that image will show if the user previously reacted and the rating **(7)** *(Zac)*
 - Display the five emojis for a user to react with **(6)** *(Mia)*
- (7)** As a User, I want my own account page where people can see the memes I like (personal user page) **(20)**
- Create a page for personal memes **(1)** *(Emma)*
 - Repurpose grid view for this page **(2)** *(Mia)*
 - Logout button **(1)** *(Siddhi)*
 - Repurpose list view for memes **(2)** *(Siddhi)*
 - Pull users liked memes from firebase (3&4 rated memes) **(5)** *(Zac)*
 - Sort liked memes from firebase chronologically by react time **(3)** *(Jon)*
 - Add memes to user page, take the memes already pulled from firebase and visualize them on the page **(5)** *(Emma)*
 - Tab navigator **(1)** *(Zac)*

Team Roles:

Mia: Product Owner, Developer

Emma: Developer

Siddhi: Developer

Zach: Developer

Jon: Scrum Master, Developer

Initial Task Assignment:

Mia:

- (3) As a user, I want a General Feed page to see all of the memes in chronological order. (7)
 - Pull memes from firebase every 12 hours and put them onto the general feed tab (5) (Mia)
- (5) As a developer, I want the app to work so I can continue implementing tasks (20)
 - Fix the podfile bugs linking with react native (4) (EVERYONE)
- (6) As a user I want to be able to like and dislike memes on scale of emojis (23)
 - Display the five emojis for a user to react with (6) (Mia)
- (7) As a User, I want to my own account page where people can see the memes I like (personal user page) (20)
 - Repurpose grid view for this page (2) (Mia)

Emma: (1) As a User, I want to be able to create and log into an account with my information (21)

- 🚧 Have an Account Login Page to re login or sign up (1) (Emma)
- (4) As a user, I want the General Feed page to have two different views so that I can view at a different pace (11)
 - Ability to tap on a meme in grid view and have it go to a full view of just that singular meme (3) (Emma)
 - Have the ability to scroll through a single feed to see more memes (5) (Emma)
- (5) As a developer, I want the app to work so I can continue implementing tasks (20)
 - Fix the podfile bugs linking with react native (20) (EVERYONE)
- (7) As a User, I want to my own account page where people can see the memes I like (personal user page) (20)
 - Create a page for personal memes (1) (Emma)
 - Add memes to user page, take the memes already pulled from firebase and visualize them on the page (5) (Emma)

Siddhi:

- (1) As a User, I want to be able to create and log into an account with my information (21)
 - Allow the user to only have to sign in one time (3) (Siddhi)
 - Ability to log out. (2) (Siddhi)

(3) As a user, I want a General Feed page to see all of the memes in chronological order. (7)

- Sort memes in the order that they were posted. (2) (Siddhi)

(4) As a user, I want the General Feed page to have two different views so that I can view at a different pace (11)

- Buttons for full feed & scroll which change the view (3) (Siddhi)

(5) As a developer, I want the app to work so I can continue implementing tasks (20)

- Fix the podfile bugs linking with react native (20) (EVERYONE)

(7) As a User, I want to my own account page where people can see the memes I like (personal user page) (20)

- Logout button (1) (Siddhi)
- Repurpose list view for memes (2) (Siddhi)

Zac:

(2) As a developer, I want to be able to scrape the web to find memes. (7)

- 🚧 Put web scraper memes into firebase & include time, category, source, upvote count at time pulled, user who posted (7) (Zac)

- 🚧 Set up firebase to Mia's debit card USE gift card

(5) As a developer, I want the app to work so I can continue implementing tasks (20)

- Fix the podfile bugs linking with react native (20) (EVERYONE)

(6) As a user I want to be able to like and dislike memes on scale of emojis (23)

When clicking an image that image will show if the user previously reacted and the rating (7) (Zac)

(7) As a User, I want to my own account page where people can see the memes I like (personal user page) (20)

- Pull users liked memes from firebase (3&4 rated memes) (5) (Zac)
- Tab navigator (1) (Zac)

Jon:

(1) As a User, I want to be able to create and log into an account with my information **(21)**

- Create an account utilizing, require user to enter (email, full name, user name, passwords) **(9)** *(Jon)*
- Allow the user to have email verification, to secure user profiles. **(5)** *(Jon)*

(5) As a developer, I want the app to work so I can continue implementing tasks **(20)**

- Fix the podfile bugs linking with react native **(20)** *(EVERYONE)*

(6) As a user I want to be able to like and dislike memes on scale of emojis **(23)**

- Store user likes in firebase, update current reaction or add new reaction when user reacts to a post. Be aware to grab the time of their initial reaction **(10)** *(Jon)*

(7) As a User, I want to my own account page where people can see the memes I like (personal user page) **(20)**

- Sort liked memes from firebase chronologically by react time **(3)** *(Jon)*
